President's Report

February 1st, 2007

Last meeting January 4th, 2006

Next meeting March 1st at St. Alban's Boys and Girls Club.

1. January 8th I attended the Membership Labour Committee monthly meeting - Brendan and Sara - and discussed the member seconded to the committee of committees and member labour issues. I also had a chance to be briefed on the committee's current work. We had a spirited discussion of the family membership proposal where I argued this could result in a net withdrawal of loan dollars as those family members in good standing, that is, with two loans, would opt for a family membership and withdraw \$40 from their member loans.
2. January 8th I attended the Chronicle Committee and discussed their budget, Chronicle contents and current issues and concerns.
3. January 14th I attended the new building committee meeting with Georg, Russell, Bruce, James and Mohsen. I participated in the discussions for the charette and the upcoming scheduled removal of the cold room and its replacement with moveable stand-alone coolers.
4. January 18th I met with the supervisory committee (Margaret, Graeme and myself) and discussed ongoing issues.
5. Submitted President's report to the Chronicle, January 17th.
6. January 29th sent letters to OCA and The Co-operators informing them that we have not yet spent the grant monies and asking them for an extension and re-negotiation of terms. I hope to have more information on these grants by the night of the meeting.

Friend's House: I have been in touch with Friend's House on Lowther to reserve the night of October 22nd for the AGM. I hope to report I have been able to reserve the room for that night by next meeting.

Staff Bonuses – in camera discussion at 9:00 pm

best regards,

rolf struthers - President – Karma Cooperative Inc. 539 Palmerston Ave. To.
